

TECHNICAL MATRIC (N3) PROGRAMME INFORMATION

National Certificate (SC): N3 Technical Matric

SAQA ID: 15947

NQF Level: 04

1.1 Purpose & Rationale of Qualification

This qualification is intended to provide learners with a general education to perform the tasks at this level, participate in life-long learning, be gainfully employed or self-employed in the world of work and enter Higher Education institutions. The Senior Certificate is an equivalent to the FETC National Senior Certificate or Grade 12. Learners completing the Senior Certificate may not obtain automatic exemption to access university degree studies, but can however access all other further studies through the available articulation structures.

1.2 Exit Level Outcomes

On completion of this qualification the learner is expected to obtain access to Higher Education institutions, manage and organise developmentally appropriate activities, interact and communicate effectively with others, participate responsibly in the life of a community, evaluate information gathered through a process of observation, demonstrate understanding and application of the range of knowledge and skills contemplated in the qualification as contained in the syllabi of the various instructional offerings.

1.3 Learning Areas (Subjects can be any N3 subjects beside these listed below)

Industrial Orientation	Industrial Organisation & Planning,	Supervision in Industry
Mathematics N3	Mechanotechnology	Sake Afrikaans
Business English	Radio and Television Theory	Industrial Electronics
Engineering Science	Electrical Trade Theory	

On passing 4 subjects + 2 languages, a Matric Senior Level Certificate will be issued after combination of symbols at a Provincial Department of Education.
